Thank you for filling out this evaluation of our class. If you have any additional comments for me, no matter how small, please write them here:

[I verbally asked students to suggest other book options]

- *I wish some of the books would have been read aloud, but overall it was good.*
- *You are a very great teacher and hopefully you stay that way. I really like you because you really gave us times and you're also really supportive.*
- *Great class, it was fun. The only other book that fits this on my mind at the moment is Night by (Elie Wiesel?).*
- *I thought that this class was more based on summarizing and the material could have been talked about more in depth. I expect that it was lack of time.*
- *I wasn't really interested in the reading, RPF [Rabbit Proof Fence] got more interesting later on when they ran away but I wasn't interested in TFA [Things Fall Apart] very much at all. MOV [Merchant of Venice] movie was really good though. All 3 texts did fit the theme of the class.*
- *Reading less book or at least excerpts of different books to give us the scope of things.*
- *I do like Rabbit Proof Fence but there's something about it that I didn't find interesting. I just felt like it left the ending off of the story.*
- *Shakespeare's Macbeth. Pride and Prejudice, Jane Austen.*
- *Your class was great. My essays, I was proud of the grades I've received. Books, I prefer given us more reading schedule. Overall, love it. ☺*
- *It was fun! Hope to get you again! The books were good a little too much reading but yah I survived! Great class!*
- *Maybe something dystopic would provide diversification- Things Fall Apart and Rabbit Proof Fence were very similar.*
